

Leading Manufacturer, Supplier and Exporter of Precision Turned Brass Products

Company Profile

Established 60 years ago in this domain, we are reputed manufacturer, supplier, and exporter of huge assortment of Brass Products. Our assortment of product includes **Brass Turned Components**, **Brass Precision Components**, Brass Lamp Parts, Hydraulic & Pneumatic Fittings, Plumbing Fittings, Inserts for Moulding, Fuse gear & Switchgear, **Hose & Garden Couplings**, Sanitary, Fittings, Automotive Components, **Brass Electrical Components and Brass Components**. We manufacture our products using higher quality brass; these products are accessible in wide-ranging shapes and sizes. Our brass products are extensively recognized for their features like outstanding finishing, higher performance and negotiable maintenance. Besides, these products are corrosion resistant and extremely durable. With the help of our well-resourced infrastructure, we have been able to make sure that these products conform to global quality standards.

Precision Turned Brass

We are leading **manufacturer** and **supplier of Precision Turned Brass** which is one of the most extensively worn metals for manufacturing of high quality brass parts. The manufactured brass parts are having attributes with profound tensile strength and are highly flexible so that it can be molded very effortlessly in essential shapes. Brass is well-known as an alloy of copper and zinc which is equal to other metals in cost and even it is rust proof and long lasting. This **precision turned brass** is a metal which is highly durable and has low melting point. **Precision Turned Components** and parts are used in various industries like automobile, electronics, electrical, construction, sanitary ware, telecommunications, brass plumbing fittings and many more.

Our Products

Brass Electrical Fittings

Brass Precision Parts

Brass Turned
Components

Brass Hydraulic
Fittings

Our Products

Brass Auto Parts

Brass Moulding Insert

Brass Sanitary Fittings

Our Other Product Details

OK Engineers is well-known firm as a leading manufacturer and supplier of high quality of turned brass parts fittings and assemblies. We are engaged in offering the best quality of **Brass Lamp Parts Hydraulic Fittings, Plumbing Fittings, and Inserts for Moulding, Brass Precision Turned Components, Hose & Garden Fittings, Sanitary Fittings, Automotive Components, Nickel Plated Brass Components, Brass Electrical Components, Brass Ball Valve.**

Our Competency

OK Engineers will constantly advance its product and services to persuade the requirements of its clientele better and will distribute to them, on time and every time, flaw free products and services by frequently improving its quality management system.

❖ Skilled Team

❖ Well developed Infrastructure

❖ Finishing

❖ Competitive Pricing

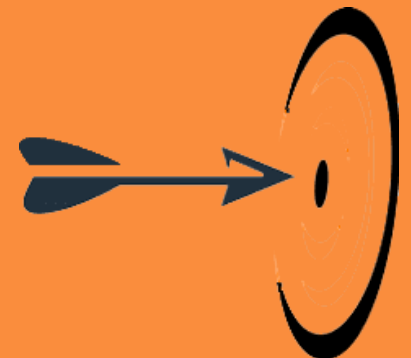

❖ Quick Quote

❖ Timely Delivery

Why Choose OK Engineers?

- ❖ Customized Products
- ❖ Skilled Engineers
- ❖ Simple & Effective Pricing Structure
- ❖ Competitive Prices
- ❖ Special Price for Long run contract manufacturing on Mass Production
- ❖ A Quality Products
- ❖ An Effective Service
- ❖ ISO 9001 Certified Quality Systems
- ❖ RoHS Complaint Products
- ❖ On Time Delivery
- ❖ Free & Quick Quote
